**DETAILED ACTION**

1. Receipt is acknowledged of the pre-amendment filed 4/23/02 in which claims 1-9 were canceled and claims 10-17 were added.

***Priority***

2. Receipt is acknowledged of papers submitted under 35 U.S.C. 119(a)-(d), which papers have been placed of record in the file.

***Allowable Subject Matter***

3. Claims 10-17 are allowed.

4. The following is an examiner's statement of reasons for allowance: Although the prior art of record teaches an assembly structure which includes a substrate supporting a bottom layer having a first and second portion, an optical waveguide with top and bottom surface and light receiving end, at least one first alignment feature being formed in a bottom cladding layer, etc., the prior art of record fails to disclose or fairly suggests all the details of the claimed assembly structure including the first alignment features (i.e. defining by a single mask process . . . and etching into the structure over the second part of the bottom layer, etc.). The limitations in conjunction with other limitations in the claims were not shown by the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
